Why Choose Us?

Well, for starters, we have been in business for 25 years. We are a family business rooted in the highest culinary traditions. You won't find anything we do processed or mass produced. Each morning we make every sandwich and every salad from scratch. We source the best, freshest, and most healthy products we can from as many local sources as possible. We are committed to being the best, most unique, and prompt luncheon caterer in the city and we stand behind everything we do. There are tons of places that have popped up all over that try to do what we do, but there is still only one Stevens & Stevens.
